## ABOUT Scott and Company

Scott and Company has been recognized as a premier accounting, tax and consulting firm for almost 25 years serving businesses, non-profit organizations and individuals. We specialize in tax minimization, compliance, assurance and business consulting customized based on the client's needs.

We were founded in 1995 by N. Randolph Scott, CPA and his vision was to establish a CPA firm whose name would become synonymous with high-quality services. Scott and Company has the expertise needed to perform services for not only small-to medium-sized businesses, but very large companies and organizations as well.

In order to help you and your business thrive, we stay abreast of compliance issues and legislative updates impacting our clients and we are vigilant about communicating up-to-date tax changes and incentives. We are hyper-focused on client service and pride ourselves on creating innovative solutions for our clients. We think beyond the numbers to advise you in the best way possible.

HERE ARE JUST A FEW REASONS

**Scott and Company  
is an Extraordinary  
accounting firm:**

- ▶ Our firm management team has over 40 years of tax, audit and consulting experience with various “Big 4” firms.
- ▶ We are an independent member of the BDO Alliance USA, which gives us a local presence along with national firm resources.
- ▶ Unlike some firms who are primarily tax return preparers that perform audits between tax seasons, Scott and Company LLC was established to be a true accounting and auditing firm. Our professionals perform either audit and accounting services or tax services, but not both.
- ▶ We have been recognized as a South Carolina Best Places to Work 8-years consecutively, placing No. 1 in 2019.

"Scott and Company has been our accountant for many years. They provide us tax, assurance, and advisory services for multiple entities. Their attention to detail, dedication, and quick responses are just a few of the reasons we enjoy working with them. We know we're in good hands with Scott and Company."

– **Tina Dailey, Chief Financial Officer**  
*Columbia Eye Clinic, P.A.*

"Scott and Company has a qualified and competent team. Each team member strives to understand our business and the unique complexities of our industry."

– **Morris Cregger, Owner & CEO**  
*Cregger Company*

"We've worked with Scott and Company for 14 years, and the firm has continually delivered quality and sound service while remaining flexible."

– **Mark Barnes, Director of Administration**  
*SC First Steps to School Readiness*
